## MAY 2010 NEWSLETTER

### 19<sup>th</sup> MAY:

The next meeting is a **joint PGK-KNGMG PhD event** on **Wednesday, May 19<sup>th</sup>, 2010**.

17:00-18:00 hrs: Social hour  
18:00-19:00 hrs: Lectures by:

Wieske Paulissen (TU Delft):

**“Establishing a high-resolution stratigraphic record of a sedimentary sequence retrieved from a borehole: a case study from the Central Paratethyan Vienna Basin”**

V. Joekar-Niasar (University of Utrecht):

**“Non-equilibrium effect in two-phase flow; application of pore network modelling”**

Dario Ventra (University of Utrecht):

**“Alluvial facies characterization and prediction in endorheic basins – the view from the margins”**

*Abstracts attached separately, Abstracts will be published on the PGK webpage*

### JUNE MEETING: JOINT PGK-SPE EVENT

The June meeting will be held on **MONDAY, 21<sup>st</sup> of June 2010** at the **Carlton Beach Hotel in Gevers Deynootweg 201, 2586 HZ Scheveningen The Hague** ([www.carlton.nl/beach](http://www.carlton.nl/beach)) and is **followed by the annual BBQ**. The programme will be as follows:

17:00-18:00hrs: Social hour  
18:00-19:00hrs: Lectures on: **“CO<sub>2</sub> Storage in the Netherlands, plan and practice”** by Ir. R.F. Bisschop (Shell CO<sub>2</sub> Storage B.V.) and J. Brouwer (CATO-2)  
19:00-end: Annual BBQ

KONINKLIJK NEDERLANDS GEOLOGISCH MIJNBOUWKUNDIG GENOOTSCHAP **PGK**

## REMINDER: CALL FOR PAPERS

In 2012, The Royal Geological and Mining Society of the Netherlands (KNGMG) will celebrate its 100-year anniversary. In the same year, an extensive petroleum-geological mapping project carried out by TNO – *Geological Survey of the Netherlands* - will be finished.

In order to commemorate these events, we decided to coordinate a special issue of the Netherlands Journal of Geosciences, to be printed in 2012. The theme will be:

### **Exploration Geology of the Netherlands.**

Those who are interested in making a contribution to this special issue are kindly asked to contact Henk Kombrink via [henk.kombrink@tno.nl](mailto:henk.kombrink@tno.nl)

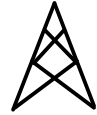

We hope to receive numerous contributions, covering a wide range of topics that demonstrate our ever-increasing knowledge of the geology of the Dutch (sub)surface.

The editors,

Johan ten Veen (TNO)

Mark Geluk (Shell)

Henk Kombrink (TNO)

**ANNOUNCEMENT FROM OUR SPONSORS:**

**Chevron Exploration and Production Netherlands B.V.**

is looking for a

**GEOLOGIST**

**Requirements:**

- ▶ Minimum of 10 years of relevant experience in E&P
- ▶ Demonstrated work experience in Reservoir Geology, Development Geology and Operations Geology
- ▶ Experience in Exploration Geology is an advantage
- ▶ Good knowledge of the Petroleum Geology of the Netherlands
- ▶ Education: Msc Geology or equivalent
- ▶ Proficient in English
- ▶ Pro-active team player with excellent communication skills

**Key job responsibilities:**

- ▶ Development geologist for Chevron assets in the Netherlands
- ▶ Construction of geological models of existing fields in Petrel™
- ▶ Prospect evaluations of gas and oil plays
- ▶ Screening and evaluation of Dutch E&P opportunities
- ▶ Work on well proposals and data acquisition programs as part of multi-disciplinary project teams
- ▶ Interface with Chevron internal and external technical specialists providing G&G support services to Chevron
- ▶ Represent Chevron in technical meetings with partners and government

**Chevron Exploration and Production Netherlands B.V.:**

- ▶ Active operator of oil and gas fields in the Dutch North Sea
- ▶ An innovative company and front runner in the development of unconventional gas
- ▶ Office located in Voorburg

Please send your application letter and full resume (both in English) to  
VOO4HRServices-gmb@chevron.com before 26 May 2010, reference 'Application Geologist'
